July 14, 1988

Mr. Marvin Willis
713 Waggoner Dr.
Arlington, TX 76013

Dear Mr. Willis:

This will confirm our telephone conversation of Tuesday, June 28, 1988. The FAA does not consider an off-airport landing by a sailplane/glider as a reportable incident if there is no damage to the aircraft, property of another, or injury to any person.

We appreciate your concern for safety and for discussing this matter with us prior to holding the Texas Soaring Association National Competitions in our area. We wish you a safe and successful competition on July 20, 1988, through July 27, 1988, and again on August 1, 1988, through August 5, 1988.

Sincerely,

RS
